- Training will be held at Wyatt-Edison Charter School
3620 Franklin Street
Denver, CO 80205
- For more information contact Jerry Diaz ~ (212) 419-1688

Emergency Response Team Training

This training is predicated upon the belief that every school is a unique institution and therefore must assume the responsibility for identifying those issues that are adversely affecting their educational program. Of paramount importance is the need for each school to take back the controls and not allow others to define the issues for them. This seminar focuses on the following key issues:

- Responding to an Emergency
- Information – The Key to Control
- Techniques and Strategies for Dealing with Emergency Situations
