WEDNESDAY AUGUST 23RD

9:00 am – 12:00 pm

Paul Jr. High School

5800 8th Street, NW

The Public Charter School Center for Student Support Services Invites you to attend:

The U.S. Secret Service, National Threat Assessment Center Seminar:

PREVENTING TARGETED VIOLENCE IN SCHOOL: FINDINGS FROM THE SAFE SCHOOL INITIATIVE

In response to concern about the safety of America's schools and school children from acts of targeted violence in school, the U.S. Secret Service and U.S. Department of Education conducted the Safe School Initiative, an operational analysis of school-based attacks in the U.S. The primary goal of the Safe School Initiative has been to provide information about the thinking and behaviors of students who have planned and carried out instances of targeted violence in American schools. This presentation is intended for school administrators and teachers, law enforcement professionals, mental health professionals, concerned community members, and others. The purpose of the presentation is to share findings and materials from the Safe School Initiative that may help schools and communities better understand school-based attacks and assist them in intervention of students who pose a risk of targeted violence in schools. The presentation will include a review of the Safe School Initiative, presentation of two school shooting case studies, and discussion of threat assessment for evaluating the risk a student may pose for targeted violence in school.
